# Seat Heating and Cooling System for Prado

Ventilation mesh x4

Semiconductor refrigeration module x4

Air outlet pipe x4

Switch X1

Fan driver X4

Control box X2

Others

Exhaust pipe X2

Wire harness X2

Ventilation pipe X3

Turboblower X4

Muffling box X2

## Application

- *Make: Toyota*
- *Model: Prado*
- *Year: 2018 or later*
- *For: driver & front passenger seat*

## Specifications

- *Working voltage:DC12V*
- *Working current:4A*
- *Working power:48W*

## Features

- *Function:Cooling and heating all in one*
- *Type:Thermoelectric innovative technology*
- *Switch Type: OEM switch, best integrated with car center console*

# Installation

*Before*

*After*

THANK YOU
